# The Veterans' team is proud of its performance

| Yves Bélanger, Servir

Despite a crushing defeat, the Patriotes team is proud of its accomplishments on the ice during the Canadian Forces Regional Hockey Championship (veterans) held at Base Valcartier from February 19 to 23.

“Our players have not had an easy year. They had difficulty putting together a complete team. Fortunately, six reservists came to lend a hand shortly before the championship,” explains Master Corporal Alexandre Turcotte, from the Canadian Forces Leadership and Recruit School.

He mentions that the team members learned to work together throughout the days spent in Valcartier. “A good chemistry was created between them. They played really well.” However, it was not enough to win the championship. “We lost all four games played in this event. However, we gave our opponents a hard time.”

MCpl Turcotte usually plays on the Patriotes junior team. Injured in one knee, he had to participate in the veterans' championship, but outside the rink. “It was disappointing to watch them play and not be able to help them on the ice. But I really enjoyed my role as an assistant on the coaching team.

# The Juniors lose in the final

| Yves Bélanger, Servir

The Patriotes team was defeated 5-2 in the final by the Valcartier Lions during the Canadian Forces Regional Junior Hockey Championship which took place from February 5 to 9 at Base Valcartier.

The team's coach, Sergeant Alexandre Grenier, from the 2<sup>nd</sup> Canadian Division Support Group Technical Services, ensures that the Patriotes gave excellent performances throughout the championship. He explains that it was the first match that was the most difficult for the players from the Montreal region who lost 4-0 to the Ottawa team. “During the second day, the guys competed against the Bagotville team. Our team won the game 8-0. However, in the evening, we lost 5-2 against the Valcartier Lions.”

In the semifinal, The Patriotes were entitled to a great revenge against Ottawa. “We won the match 4-1.”

Sgt Grenier is very satisfied with the level of play of his team. “We had quite a few new players on the team this year. Our players had to learn to play together. They took up the challenge, but the incomparable experience and talent of the Valcartier team cost us the victory. However, it’s only a postponement!”

Private Paul Jr Bourbeau, of the 34 Combat Engineer Regiment, was named the player of the tournament for the Montreal region.
