Definition of FAMILY

The immediate family includes the spouse (married or common-law) and children (see note below) residing at the same address.

Definition of children considered part of the immediate family:

A child aged 18 or older is considered part of the immediate family if they:

- are full-time students (up to age 25), or
- are unable to support themselves due to a particular condition.

Proof of residency and/or a student card may be required.
